Offers Campaign

From a SAR 60 fill-up to getting the offer at our partner

The steps a customer goes through, from fueling at the station to receiving the offer from the partner.

Fill up SAR 60 → **Attendant shows the QR** →

Scan and register on the form → **Go to the partner**

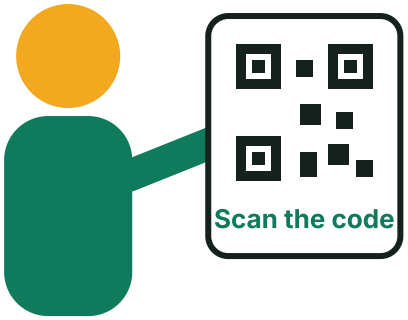

Step 1

Customer fills up with SAR 60

The customer buys fuel worth SAR 60 or more, and the amount shows on the pump display.

- The attendant checks the amount on the pump display before showing the code.

↓

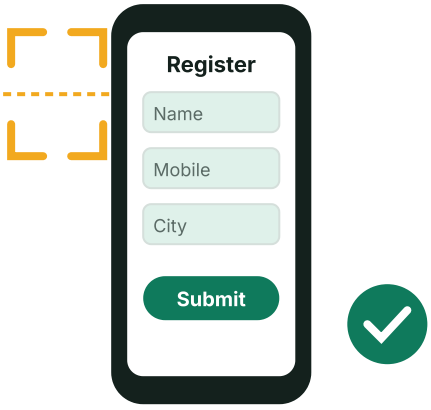

Step 2

Attendant shows the QR to the customer

After fueling, the attendant shows the campaign QR card to the customer and briefly explains the offer.

- Show the code only to customers who filled up with SAR 60.

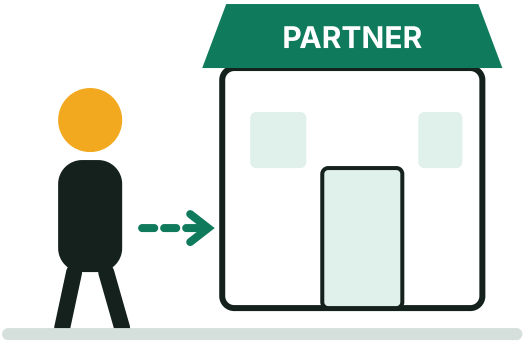

Step 3

Scan and register

The customer scans the code with their phone camera, the form opens right away, they fill in their details and tap Submit.

- After submitting, the customer sees a message confirming the registration.

Step 4

Customer goes to the partner

The customer goes to the partner's location and shows the confirmation message on their phone to get the offer.

- The partner checks the registration and gives the customer the offer.

Reminder for attendants: Check SAR 60 on the pump → Show the code → Make sure the customer reaches the confirmation page before leaving.
